

In reponse to your letter dated June 23 regarding the May Monthly Report please note that the debt listed to Infocision Management Corp had been listed in error. The original error was corrected in a prior report however the debt reappaearred in this filing as an outstanding issue. The Committee will file an amended report to show that there is no debt.

The payment to Michael Dowling is correct as reported. Mr. Dowling is a printer who is paid directly by the Committee for generic printing. He does not use a corporate name.

The refund to Klaus Price is correct however the original donation did not itemized since the refund and the contribtuion were in the same reporting period the program read Mr. Price as having a \$0 aggregate and did not show the original contribution. The contribution will appear in the amendment.

You have stated that the Committee may have failed to file 24 hour notices. Actually, the expenditures in question were incurred and disbursed on May 1, 2005 not April 30th as reported. April 30 was a Sunday and the Committee does not have normal operations on Sunday. When the expendiutures were processed, the accounting system had not yet been changed to reflect the new month and so it pulled April 30 as the processing date. The expenditures in question will be removed from this report and will appear on the June Monthly Report having taken place in that period. There were no 24 hour reports due for those expenditures since they occured within 24 hours of the election on May 2.

The figures for the Californai elections wil be corrected.

Please contact me with any questions. Thank you.
